Key Terms	
Youth Mental Health First Aid Training	Youth Mental Health First Aid is designed to teach parents, family members, caregivers, teachers, school staff, peers, neighbors, health and human services workers, and other caring citizens how to help an adolescent (age 12-18) who is experiencing a mental health or addictions challenge or is in crisis.
Coping and Support Training	Coping and Support Training is a research-based small-group suicide prevention program recognized as effective on six evidence-based practice registries. The Washington State Institute for Public Policy also considers it to be effective and cost-beneficial.
