Key Terms	
Healthy Youth Survey 2016	The Healthy Youth Survey (HYS) is implemented across Washington State every other year in 6 th , 8 th , 10 th , and 12 th grade. It is our most reliable source for health, wellness and behavior information pertaining to our students. Although it is not the only data source considered in our strategic planning, it is the most significant.
Strategic Action Plan	Our funder, the State Division of Behavioral Health and Recovery, requires annual Strategic Action Plan updates that tie into the needs, resources and gaps identified in the Coalition’s full strategic plan. This year’s Action Plan will guide the Coalition’s priorities and business through June, 2017.
